

2552SA Series Fiber Optic Scotch Box

The 3M™ 2552SA Scotch Box brings excellent affordable fiber management with rack mount capability to your wall mounted building entrance and LAN applications.

The Scotch Box series offers efficient use of space as well as functionality and rugged durability.

The attractive low profile design makes the Scotch Box acceptable for installation anywhere in your facility. The unique sliding lid of the Scotch Box provides easy access to all couplings. The panels are available with different coupling plates and will accommodate:

- ST simplex & Duplex
- FC/PC "D" mount couplings
- SC duplex
- Volition™ VF-45 Socket

The Scotch Box is constructed from flame retardant material . Fibers can either be directly terminated or spliced to pigtails using Fibrlok™ or fusion splicing.

The Scotch Box is part of 3M's large family of fiber optic products including connectors, couplings and more..

Scotch Box 2552SA

Feature

Assortment of coupling plates

Benefit

Will handle all major connector styles

Specify the correct part number from the chart below
