

Cable Breakout and Sleeving Conduit Kits

OSA offers a range of conduit kits to suit sleeving, breaking out and combining of one or multiple cables into one or multiple enclosures.

Whether you require one cable terminating into multiple enclosures, multiple cables entering one enclosure, or simply require a remote breakout sleeving kits OSA offers a solution tailored to your needs.

KEY FEATURES

- IP66 rating offers dust and water protection for your breakouts and cable entries
- Allows for high fibre count cables to be effectively terminated into multiple enclosures
- Offers convenient consolidation of multiple cables into one termination enclosure
- Corrugated flexible conduit offers excellent protection of exposed loose tubes and fibres
- Enclosure entry adapters available in angled or straight configurations to suit the full range of OSA termination enclosures
- Flame retardant V0 (UL94) & halogen free conduit suitable for a wide range of installations
- Quality nylon and nickel plated brass fittings used throughout

Application

- Multiple cables entering a single enclosure
- A single multifibre cable entering multiple enclosures
- Breakout sleeving and protection kits
- Rodent proofing exposed cable
